WASHINGTON C. H., OHIO, WEDNESDAY, JULY 25, 1917

Ten Cents a Week

RACE OF STATES TO GET DRAFT QUOTA IS NOW IN FULL SWING

First Men Are Called Wednesday to Appear for Examination at Once.

Failure to Appear Will Bring Down a Court Martial—May Not Issue Another Draft This Year.

By Associated Press Dispatch.

Washington, July 25.—The race between states for the honor of being first to fill their quotas under the selective draft bill, was on today in earnest.

Calling of men for physical examination was begun this morning in several districts. Meanwhile, details of the machinery for actually calling the accepted men into service and sending them to their mobilization camps are being worked out by Provost Marshal General Crowder.

General Crowder has already ruled that the claim of the army attached to any registered man as soon as the local selection board has posted him as accepted. From that time, unless exempted, he will be subject to military law and the penalties of war. Failure to appear when called will bring the military force of the Provost Marshal General in search of the missing man and he will be tried for any violation of regulations before a court martial. This rule was necessary in order to enforce the prompt compliance of all accepted men with army orders.

No information has reached General Crowder indicating that there will be any need to form a second draft in addition to the men now called for during the present year.

General Crowder said today he had understood that the draft machinery would not need to be employed again during the present year.

Estimates to cover expenses of the second increment have been submitted, it was pointed out, because all these expenditures must be made in advance of a call to have equipment and quarters ready, or the funds must be actually on hand when the call is made.

BRENT, WITH DENMAN, HAS QUIT PLACE

By Associated Press Dispatch.

Washington, D. C. July 25.—An announcement was made today at the White House that Theodore Brent, Chairman of the Shipping Board, had tendered his resignation, but it has not been acted upon by President Wilson.

In his letter Mr. Brent said he agreed with Mr. Denman, the re-elected Chairman of the board, in his controversy with Manager-General Daniels, who, up until yesterday, was the manager of the Emergency Fleet Corporation.

NO ADDED TAX IN OHIO DURING PRESENT YEAR

Tax Commission Says No Added Burdens Will Be Levied in 1917 Increased Duplicates Noted.

By Associated Press Dispatch.

Columbus, Ohio, July 25.—Declaring that no additional burden should be laid upon the people at this time, the State Tax Commission, through its chairman Robert D. Alexander, went on record today as being decidedly against any increase of tax rate for this year. The commission sent a letter to member of the Budget Commission of every county requesting them not to increase the tax rate for 1917.

In the Commission's request attention is called to the fact that the new law largely increases valuation, which in itself will provide for larger funds for the taxing district, without the increase in rates, and on this account the Commission says it would be good judgment, as well as sound business, not to enlarge the rates.

FEW ERRORS IN ORIGINAL DRAFT LISTS

Master Lists Reach Columbus Today and Errors in First Press Lists Noted.

By Associated Press Dispatch.

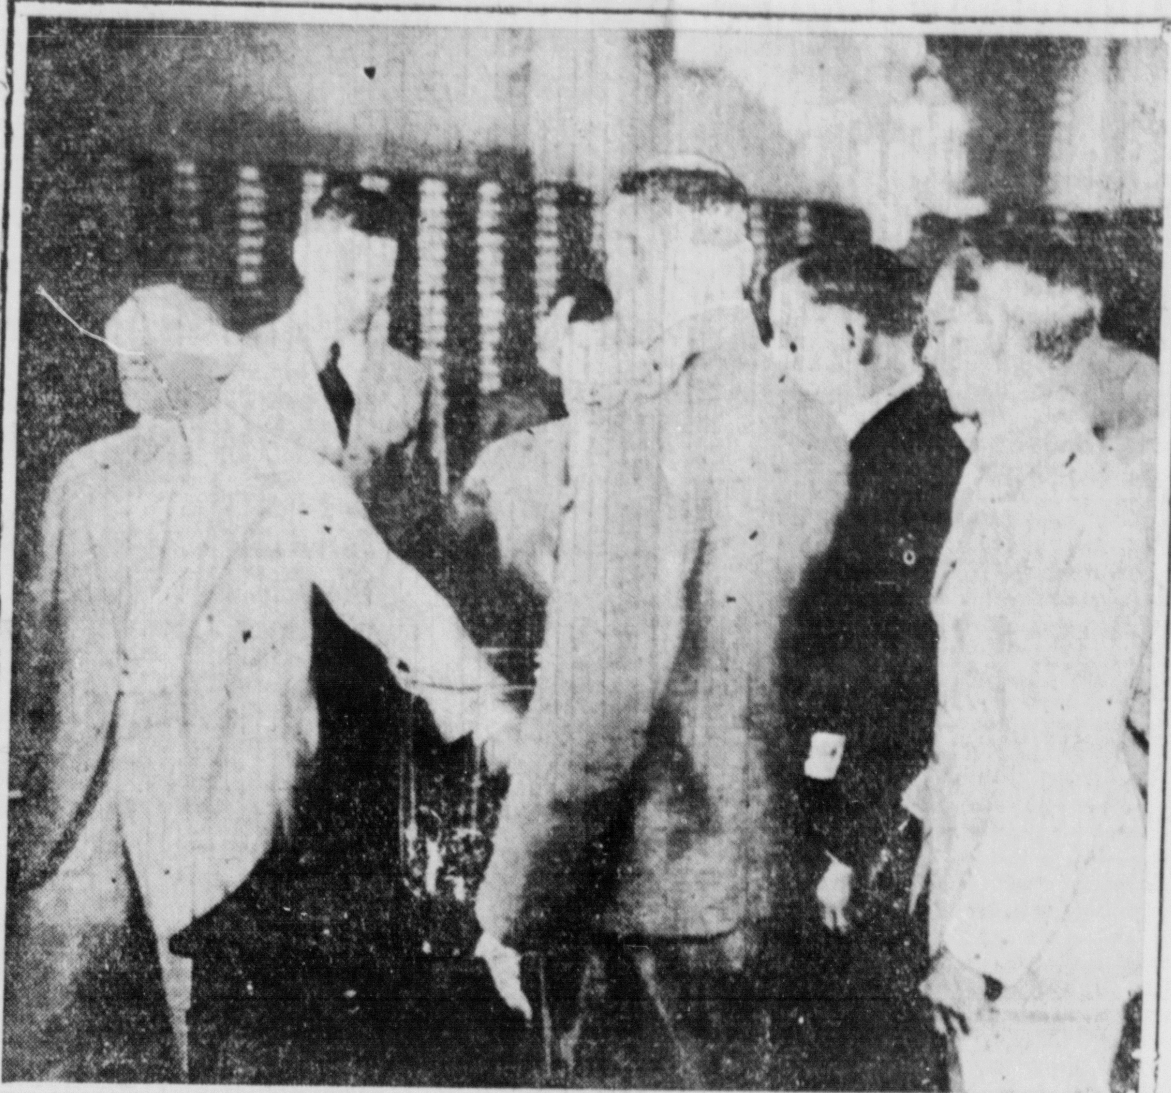

Washington, D. C. July 25.—Master lists of the army conscription drawings were in the hands of a number of local exemption boards today and were on the way to other boards far distant from Washington where they were mailed yesterday.

Examination of the master lists showed only a few errors in the unofficial lists compiled by the press during the rush hours of the drawing, and telegraphed to newspapers over the country.

Variations discovered in the unofficial lists previously announced are as follows:

2595 was announced as 3595.
10053 was announced as 1053.
1179 was announced as 1170.
10021 was announced as 1021.
1143 was announced as 1043.
570 was announced as 507.
2812 was announced as 2012.
538 was announced as 5038.
2780 was duplicated.

SCENE AT GREAT ARMY DRAFT DRAWING

Secretary BAKER DRAWING FIRST NUMBER FOR THE DRAFT

During the earlier moments of the great draft lottery in Washington the clerks recorded from seven to eight numbers a minute. As the drawing progressed their speed ranged from ten to fifteen a minute. Occasionally a number was misread, but the triple check system soon detected all errors.

John H. Phillips, student of Princeton university, was the first regular "teller" who took his place at the glass jar and began to draw out the capsules—black looking affairs, because the paper upon which the num-

bers were written was coated black on the outer surface. It was impossible for any one to examine the exterior of a capsule and ascertain the number within. The blindfolding lent an additional touch of the dramatic to the event, but it was unnecessary.

The blindfolded young men were relieved every thirty minutes. Julian Burrows, a student with a shock of hair parted straight down the middle, relieved Mr. Phillips. He is a student of the University of Michigan. Young men from colleges throughout the country took turns during the long day and night in extracting capsules from the glass jar.

Every few minutes Major General C. A. Devol, delegated by Secretary Baker to guard the glass container, walked over to stir the capsules with a long wooden spoon. On the handle of the spoon was a piece of bunting, red, white and blue. General Devol stirred deeply, bringing the capsules at the bottom to the top and a few moments later sending the capsules at the top to the bottom. While this stirring process was on there was a momentary pause in the recording of the numbers.

The photograph shows Secretary of War Baker, blindfolded, drawing out the first number for the draft.

REQUEST FOR HEALTH ZONE AROUND CAMP

Chillicotheans Request State to Establish Five-mile Health Zone About Cantonment.

By Associated Press Dispatch.

Columbus, O., July 25.—Chillicothe today asked the State to establish a five mile health zone for its new army cantonment camp to surround the soldiers and to provide them with every precaution against disease.

The installation of comfort stations was requested.

A committee consisting of R. B. Alexander, D. M. Massie, Mayor Cahill, John A. Poland, W. A. Scott, on behalf of the city, and Captain Ward Dabney, Quarter-Master in charge of the construction of the camp; Captain Kinnard, in charge of the health regulations, and Professor Phelps, expert on sanitation, conferred with state officials and the State Board of Health in the Governor's office today about the proposal.

The State Emergency Board was asked to appropriate sufficient funds for the establishment of the comfort stations. The committee will estimate the cost of the improvements desired and will report to the Board not later than Friday.

The Legislature appropriated \$250,000 for war purposes and it has been suggested that money be taken from this fund to meet the necessities arising from the establishment of the camp at Chillicothe.

ing from the establishment of the camp at Chillicothe.

Captain Dabney also conferred with the State War Council regarding the securing of laborers for the camp.

ANDREW COPASSAKI, Chief Boatswain's Mate

A detailed and graphic account of the fight put up by the armed guard on the American tank steamer Moreni on July 12, which was so game that it won the praise of a German submarine commander, was received by the navy department and was made public by Secretary Daniels. The tanker had a two hour running fight with the submarine and was abandoned after the shell fire from the submarine had set her ablaze from stem to stern and the last gun was out of commission.

The report which went to Admiral W. S. Benson, chief of naval operations, was made by Andrew Copassaki, chief boatswain's mate, who was in charge of the naval armed guard on the Moreni. His picture is reproduced herewith.

RUSSIAN ARMIES ARE STILL FALLING BACK OVER EXTENSIVE FRONT

By Associated Press Dispatch.

Russian armies in Galicia are still in a retreat which bids fair not to end until they reach approximately the line occupied by them last year before General Brusiloff began his big offensive.

Despite this extensive backward movement covering practically all the front between the North Galician border and the Carpathian foothills, the trend of both official and unofficial dispatches coming out of Petrograd are not pessimistic.

There is apparent confidence that the disorganization of the ranks induced by the machinations of the extremists and believed to have been largely promoted by German intrigue will be adequately dealt with, and a firm front again be presented to the enemies.

The inherent strength of the Entente forces in the west has just been illustrated on the Aisne front where the French emerged victorious in a long drawn out struggle with the Germans and have obtained possession of the important high ground in the Crayonne region.

Yesterday's brilliant attack gave the French forces renewed possession of the slight area gained by the Crown Prince in his latest series of attacks. The French even crossed their own line at some points.

GAS EXPLODES IN A SUBMARINE AND FIVE BRAVE MEN ARE DEAD

FOOD CONTROL BILL IN GRIND OF COMMITTEE

By Associated Press Dispatch.

Washington, July 25.—The administration Food Control bill was sent to conference in the House today under a rule without a record vote.

Opposition which developed yesterday had disappeared.

The House conferees were instructed by the rule only to disagree to all

Senate amendments. Defeat of the Senate amendment to create a joint Congressional War Expenditure Committee disapproved by the President was preargued by this action.

The fight against sending the bill to conference without a separate vote on the amendments to which the President objects began yesterday by Republican leader Mann, died out completely. Thirty-one Republicans joined 138 Democrats voting for the previous question on the rule, adoption of which eliminated all debate and only one hundred Republicans voted against it.

Mishap Occurs In The A-7 in Manila Harbor—Several Injured in Same Accident.

First Serious Accident in American Submarine During Present War.

By Associated Press Dispatch.

Washington, July 25.—The explosion yesterday on the submarine A-7, at Cavite, Philippine Islands killed five and injured three of the officers of the crew.

The dead are reported in official dispatches as Lt. Marcus; Machinist Mate, First class H. H. Lang; Gunner's Mate, Second class O. Hopewell; Chief Electrician C. M. Curry, Machinist Mate K. A. Kunz.

The explosion, from preliminary examination appeared to be due to the ignition of gas within the ship.

MORE GUARDS ARE CALLED

By Associated Press Dispatch.

Washington, July 25.—The second increment of the national guard troops was called into the federal service today.

All troops from Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Maryland, District of Columbia, Virginia, North and South Carolina, Tennessee, Illinois, Montana, Wyoming, Idaho, Washington, and Oregon came in under President Wilson's recent proclamation preparatory to their mobilization in southern training camps to be equipped and outfitted for duty in France.

The remainder of state troops from far western and southwestern states will be taken in on August 5th, when the draft clause of the National Defense Act will be applied to the entire force and the guardsmen will cease to have any connection with the state authorities for the period of the war.

MANY DIE IN A MINE

By Associated Press Dispatch.

Halifax, Nova Scotia, July 25.—An explosion in the No. 6 mine of the New Dominion Coal Company at New Waterford today, is believed to have caused a heavy loss of life.

Of 56 men at work in the section where the explosion occurred, only 5 had been rescued alive several hours later, according to advices received here from Sidney.

Some of the reports state eight were known to have been killed.

COLUMBUS AWAITS LIST

By Associated Press Dispatch.

Columbus, O., July 25.—State Draft Headquarters marked time today awaiting arrival of master numbers from Washington which had not reached the Capital.

Just as quickly as the official numbers are received, the local boards throughout the state will call men for physical examination. Judge Advocate General Hubert Turney stated he expected the work to start tomorrow.

NEW HEAD

By Associated Press Dispatch.

Petrograd, July 25.—Rear Admiral Razvovoff has been appointed commander-in-Chief of all Russian Naval forces in the Baltic.

The newspapers announced on Monday that Rear-Admiral Verderofski, Commander of the Baltic fleet had been arrested for communicating a secret government telegram to sailor's committees.

MILLION MARK IS PASSED BY P. & D. BANK THIS WEEK

The Peoples' and Drivers' Bank has passed the million dollar mark, and is the second of Washington's financial institutions to pass the million dollar mark.

For several months the P. & D. has been hovering around the coveted \$1,000,000 mark, and this week it slipped quietly over the million, a statement of conditions on July 24th, showing total assets of \$1,047,544.40, with liabilities of like amount.

At the close of business Tuesday the assets were: Loans, bonds, etc., \$765,997.87; other resources, \$65,209; cash and exchange, \$216,346.51; a total of \$1,047,544.40. Liabilities were divided up as follows: Capital stock, \$100,000; surplus and profits, \$45,843.97; Deposits \$901,700.43.

The splendid report is indicative of the prosperity enjoyed by Washington and Fayette county during the past few years, and the city takes due pride in the knowledge of the healthy condition of the banking institutions of the city and county, and that they are growing rapidly.

LOCK YOUR MACHINES AND PREVENT THEFT

At the meeting of police chiefs and officers of state automobile associations in Columbus last week, called for the purpose of devising some means for reducing the number of automobiles stolen annually in the state, one of the requests made was that owners of machines do not park them unless they have locks on them. This is one of the best ways to insure the machine being where you leave it when you go back after it. It was announced that \$1,000,000 worth of machines are stolen annually.

Within the last few weeks a number of business men of Washington C. H. have become stock holders in the Ram Engineering Company, at Columbus. This company will within a few days begin the manufacture of a new lock for Ford automobiles, which it is claimed is a remarkable device, as it can be attached to the machine in three minutes, is proof against the thief and costs installed only \$2 to Ford owners. Among the stock holders here are Hitchcock & Dalbey, who have arranged to have some of these locks on sale in Washington C. H. within the next few days.

It seems that no Ford owner could well afford to be without a lock on his machine at this price.

HEAVY TRAFFIC OVER PAINT ST.

Since Paint street has been paved it has become one of the main thoroughfares of the city and has nearly as much traffic as any other street in town. On Sundays the automobiles are numbered by the thousands.

The reason for this is that the Columbus pike traffic has been turned to the Devalon road which connects with Paint street. The Columbus pike is in none too good condition and therefore all the traffic going east prefers to use Paint street and the Devalon road, Paint being the only paved street connecting with the improved Lewis street and pike.

U. S. MARSHAL WILL ENFORCE DRY ZONE

United States Marshal Donovan, of Cincinnati, and Steward Bolin, United States District Attorney of Cincinnati, will visit Chillicothe this week for inspection of the territory surrounding the camp with a view to enforcing the orders of President Wilson concerning saloons and disorderly places.

Deputy Marshals will be kept at Chillicothe throughout the period of the camp at that place, and every effort will be made, it is announced, to enforce the order to the letter. A fine of \$10,000 is provided for any one who conducts an immoral place within the five mile zone of the camp.

REV. P. J. HENNESSY IS GIVEN HIGH POST

"Rev. P. J. Hennessy of this city received notice from Governor Lynn J. Frazer a few days ago, that he had been appointed as a delegate to represent the state of North Dakota in the Tenth International Purity Congress, to be held at Louisville, Kentucky, in November, 1917. The appointment of Rev. Hennessy to this important Congress was made by Governor Frazer of this state, at the request of B. S. Steadwell, president of the World's Purity Federation.

"At this Congress each one of the states will be represented by a delegate and there will also be many delegates from other countries in attendance.

"It is considered a great honor to be appointed to this Congress besides affording a splendid opportunity to participate in the solution of some of the big problems of the day, and Rev. Hennessy is to be congratulated on his appointment to represent North Dakota at the 1917 Congress."

—The Michigan Arena, Michigan, N. Dakota.

Rev. Hennessy was former pastor of the McNair Memorial Presbyterian church. His many friends in this city will be pleased to learn of his appointment.

WHEAT YIELDS 38 BUSHELS PER ACRE

The wheat crop in this section is unusually good this year. While only a few of the farmers are through thrashing and it is hard to get an average yield it is expected that the average will be high.

The two best yields thus far are those of Blanchard Carr, 37 1/2 bushels and Jesse Carr, 38 bushels. Several yields over 25 bushels have been reported and it is thought that the wheat will average 20 bushels or more to the acre.

Most of the wheat is now in splendid condition.

TUESDAY WAS NOT THE HOTTEST DAY

Tuesday was not the hottest day of the season, as many persons believed. A few weeks ago the mercury passed the 94 mark, according to the official thermometer, and Tuesday the temperature (in the shade) was 93.

In the glare of the sun the temperature probably ran over the 100 degrees mark, so that while the day was not the hottest of the season it was by no means a cool one.

NO WORD OF FORD STOLEN HERE SUNDAY

So far no word has been heard of the Ford automobile which was stolen at the ball park Sunday. Cards bearing descriptions of suspected thieves were sent all over this part of the country but the thief had many hours' start.

On account of the numerous Fords the stolen machine will be hard to locate. It is owned by C. H. Dixon, of near Greenfield.

W. C. T. U.

The W. C. T. U. will meet Friday at 2:30 o'clock in the Federated Club rooms, Y. M. C. A. building. Mrs. Alice Adams will have an interesting program in charge. A cordial welcome to anyone interested. Every member in arrears will please pay dues at this meeting.

17412 SECRETARY.

INSPECTORS FIND 400 HORSES READY

Captain Biddle, Captain Taubee and Dr. Burley, accompanied by two additional veterinarians and a clerk and messenger, arrived in the city Wednesday morning to take up the work of inspecting some 400 head of horses which had been assembled at the sales barn in this city since the previous inspection.

The work is expected to require all of Wednesday and probably part of Thursday, after which the horses accepted will be shipped to the various training camps in central and Eastern United States.

The work of shipping will require an additional day or two, and special cars have been ordered to handle the animals.

With each car sent out is an attendant, usually some man from this city, whose expenses are paid to and from the destination of the animals.

Harper Brothers, who are conducting the buying and assembling of horses at this point, will continue to buy horses indefinitely and have a corps of eight or ten men busy all of the time, and a small army of attendants on duty at the sales barn, where handling the animals is accomplished in good shape.

HOSPITAL PROJECT IS MOVING FORWARD

The \$10,000 hospital project in this city is moving along very well considering the busy season, and the indications are that in the near future the company will be incorporated and the formal transfer of the Fayette Hospital made and plans made for increasing the size of the institution.

As the project is one which means a great deal to the community it is expected to receive general support from Washington and Fayette county citizens. Stock is still obtainable from any of the committee handling the matter.

BEGIN RESURFACING ROAD NEXT WEEK

The work of resurfacing the Devalon road will probably be started next week. The road has been subject to a large amount of travel for several years and is in need of a new "binder."

The surface will be composed of gravel with a tar binder. The road will probably not be closed to traffic.

Mark & VanGundy have the contract.

CIVIL SERVICE EXAM.

A civil service examination will be held shortly for mechanical draftsmen and accountants, both for male applicants. Mechanical draftsmen will receive \$1000 while accountants will receive from \$1200 to \$2700 annually.

As the need is urgent applications will be received at any time. All who wish to apply should write to the Civil Service Board, Washington, D. C.

OILING STREETS TO PREVENT DUST

During the past week or ten days two or three of the city's macadam streets have been oiled to prevent dust, but so far no relief has been offered to those residing on the paved streets, and much dust has accumulated on them.

Sycamore street and Dayton Avenue are two of the thoroughfares receiving a coat of oil.

ASKS JUDGMENT IN THE SUM OF \$392

In common pleas court, H. L. DeWitt, carpenter represented by Gregg, Patton & Gregg, filed action for judgment in the sum of \$392.68 against Fred L. West.

The plaintiff alleges that he furnished material and did work to the extent of \$417.68, and that he has been paid \$25.

EMPLOYMENT BUREAU WILL SUPPLY HELP

The Fayette Canning Co. has made arrangements with the Fayette-Clinch Employment Bureau to furnish the employees for the coming canning season. All people who wish work are to apply through this bureau. About 185 will be needed.

VISITING HERE.
Eugene Griffin Tsom of Athens is the guest of his aunt, Mrs. Emilie T. Thornton.

SHADYSIDE BIBLE CLASS
The Shadyside Bible Class will meet with Mrs. Jess Yeoman, Leesburg Ave., Tuesday afternoon at 2:30.
SECRETARY.

MOTION OVERRULED DEVORE SENTENCED

A motion for a new trial in the case of Ohio against Darrell Devore, found guilty of robbing a store in Springfield, was overruled by Judge Geiger in the common pleas court of Clark county, Tuesday, and Devore given an indeterminate sentence in the Mansfield Reformatory.

Attorney Tom S. Maddox gave notice of carrying the case to the Court of Appeals, and expects to file the necessary papers at once. Meanwhile Devore will probably be held in the Clark county jail.

Regarding the case the Springfield Sun says in part:

"There's never a bird goes up so high but that it comes down again," said Darrell Devore in the court of common pleas yesterday morning, while protesting his innocence to a charge of robbery, and pleading for a suspended sentence, after being given an indeterminate sentence in the Mansfield Reformatory by Judge Frank W. Geiger. "In six or seven months the real thief will be found," he declared.

"I'm not guilty. Judge Geiger," he said, "and when I was on the stand I tried to tell the truth and nothing but the truth. I'll admit I have a bad reputation but I am innocent of this charge and if you will suspend the

sentence it will not be long before the guilty one is found."

In ordering the prisoner committed to Mansfield, the court instructed the prosecutor to keep in touch with the case, and if anything new arose to inform him of it. On account of Devore's poor health, the sheriff was instructed to see the prisoner was given hospital attention when he was taken to Mansfield.

Is Kerensky Equal to the Task?

Premier Alexander Kerensky, the man of the hour in Russia, the man who, many believe is the great leader whose coming was heralded by Tolstoi, the man who not yet forty years old and handicapped by a frail physique, has worked such wonders in the reorganization of the disordered Russian armies and who even now has been granted, as the premier, the powers of a dictator is facing the greatest task of his career. It is a task which will add tremendously to his fame and his power or cause his meteoric career to pass into total and permanent eclipse depending upon his success or failure. Kerensky when first intrusted with the portfolio of war by the provisional Russian government amazed the world by the thoroughness and swiftness with which he brought order out of chaos and converted the discouraged soldiers of Russia into an enthusiastic, understanding and irresistible fighting force. Kerensky proved equal to that big task. His mastery of the difficulties which confronted him, was one of the big outstanding features of the war.

Now he faces a greater task—he is confronted with vastly greater obstacles. Before he had to deal with a disordered but passive soldiery—now he must deal with a militant and mutinous army, knowing its power and intent on running riot.

The new figure in the world war has proven his ability to enthuse and inspire the discouraged—that he possesses that wonderful genius which can fire the ambitions of the sluggish. Can he, having once taught the Russian soldiers their power and aroused hope for the future and for freedom, direct and control that tremendous energy and restlessness which hand in hand with a newly realized ambition, has developed into anarchy and riot?

That's the big question the whole world is asking.

The Eagles Are Flying

A great many of us are inclined to look away off from home for the big things and fail to appreciate the importance of things with which we are familiar.

We have all known for a long time that Dayton—only about 50 miles from Washington—is the home of the aeroplane. It was there that the Wright brothers first proved to a long doubting world—convinced the skeptical—that men could and would really fly in heavier than air machine. We have long accepted as one of the common place facts of every day life that out in a big field near Dayton the Wright brothers worked out the problem and experimented with their planes. We knew that the place has grown in size and importance with each passing year.

How many of us realized though that the Dayton Aviation field is the largest in the world?

Well it is.

As experts are now predicting that the great war will be ended by the aeroplanes and as America is to furnish the great fleet of 'planes with which it is proposed to blind the Prussian giant her aviation plants are assuming world wide importance.

Right here near the greatest eagles nest in all the world we are going to see the new aircraft and the new operators learning to fly.

Sunday's visitors were but forerunners of hundreds which are certain to come as the new born birds of war try out their wings before going to France.

One of the inspiring sights hereabouts for some time to come will be the young eagles flying away from the parent nest.

It Has Come

The bright hot July sun has come and the farmers are taking advantage of the first opportunity which weather conditions have offered since wheat and hay cutting commenced. In almost any direction one looked on Monday and Tuesday the smoke of the threshers' busy outfit could be seen ascending into the blue dome of the heavens.

Men and teams were rushing the precious sheaves of wheat to the threshers and the golden grain was pouring in streams into the sacks of the waiting landowner to be carried to market.

In the hay fields the funny looking "kicking" rakes were throwing up the grass that had been cut days ago, in order that it might be cured by the hot sun and the summer breezes.

There were many happy but tired men in Fayette County Tuesday night. Not a minute of day light was lost by those men who were fixed to go ahead with the harvest work.

How long the good weather conditions will last no one knows and no farmer is wasting any time speculating.

The moon, so far, is furnishing weather in harmony with the sign it flashes in the western sky just after the sun has set.

We would like to have much more of this "seasonal" weather but we are thankful for the few days of relief from rain.

A few days like Sunday, Monday, Tuesday and Wednesday will make a big difference in the disposition of the farmers and in their bank rolls too.

Poetry For Today

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
 For amber waves of grain,
 For purple mountain majesties
 Above the fruitful plain!
 America! America!
 God shed his grace on thee,
 And crown thy good with brotherhood,
 From sea to shining sea!

O beautiful for pilgrim feet,
 Whose stern, impassioned stress
 A thoroughfare for freedom beat
 Across the wilderness!
 America! America!
 God mend thine every flaw;
 Confirm thy soul in self-control,
 The liberty in law!

O beautiful for heroes proved
 In liberating strife,
 Who more than self their country
 loved,
 And mercy more than life!
 America! America!
 May God thy gold refine,
 Till all success be nobleness,
 And every gain divine!

O beautiful for patriot dream
 That sees beyond the years
 Thine alabaster cities gleam
 Undimmed by human tears!
 America! America!
 God shed his grace on thee
 And crown thy good with brotherhood
 From sea to shining sea
 —St. Louis Globe Democrat.

Weather Report

Washington, July 25.—Ohio: Fair Wednesday, preceded by thunder showers in south portion. Thursday probably fair.

West Virginia — Local thunder showers Wednesday; Thursday fair. Indiana, Michigan and Western Pennsylvania — Generally fair Wednesday and Thursday.

Tennessee — Partly cloudy Wednesday, probably thunder showers; Thursday fair.

CANADA CAN GET MILLIONS IN AMERICA

By Associated Press Dispatch.

Washington, D. C., July 25.—Secretary McAdoo has notified Sir Thomas White, Canadian Minister of Finance that the United States Government has no objection to Canada obtaining a short time credit of one hundred million dollars from private sources in the American money market.

Mr. McAdoo declined to state whether arrangements for the loan had been made. It is understood, however, that negotiations have been proceeding for some time between Sir Thomas White and New York bankers and have reached the point where further progress awaited the consent of the American Government.

AMBASSADOR IS MARRIED

By Associated Press Dispatch.

New York, July 25.—Henry P. Fletcher, American Ambassador to Mexico and Miss Beatrice Bend, of this city, were married today in the home of Mr. and Mrs. William D. Straight, at Old Westbury, Long Island.

The couple first met eight years ago in China, where Mr. Fletcher was First Secretary of the American Legation. The bride was then traveling in the Orient with a party of friends.

FUNERAL SERVICES BERNARD CASEY

St. Colman's Church was filled with sympathetic friends Wednesday morning, when Rev. Father Fogarty conducted the funeral services of Mr. Bernard Casey.

Many flowers were in evidence. The requiem mass was impressive, sung by a male choir; the solos taken by Rev. Father Martin Molloy, of Loveland. Miss Margaret McDonald was organist.

The body was taken on the morning train to Toledo for burial, accompanied by Miss Mary Casey, Mr. and Mrs. James Casey and Mrs. Tom Hilery. The pallbearers were Messrs Tom Hilery, V. J. Dahl, James Hilery, P. J. King, Peter Hearn, James Dunn.

A number of relatives were here from a distance.

BAND CONCERT

The Fourth of the series of band concerts will be held tonight at the intersection of Fayette and Court streets. The concert will begin at eight o'clock.

MARRIAGE TROUBLES ARE OVER AT LAST

By Associated Press Dispatch.

Columbus, O., July 25.—After having had a most unusual experience with reference to the validity of her marriage, Mrs. Edith Hamm, aged 16, whose parents live in Galloway, has returned to Springfield, Ill., with her husband John Hamm, aged 45, as his lawfully wedded wife.

Mrs. Hamm married her husband, who was a widower with five children, when she was 15 years old. They had been married but a week when the bride's father instituted proceedings in Springfield courts, the result of which was annulment of the marriage. Recently a higher court held that the contract was legal and the marriage was revived.

Immediately the bridegroom went to the bride's home where she had been waiting and where she rushed from the house into the arms of her husband. They went immediately to Springfield and parents say they do not expect to bother them any more.

THE SOLDIER'S FAREWELL

The new song just out written by May M. Duffee. Beautiful words and music. Price 10c, also "Ohio" beautiful state song.

For Sale by all of the music dealers of this city. 174 12

PERSONAL PARAGRAPHS.

Rev. Fr. Martin Molloy came up from Loveland to attend the funeral of Mr. Bernard Casey and visit his mother, Mrs. Margaret Molloy.

Miss Mabel Caldwell of Greenfield is the guest of Miss Margaret Mark.

Mrs. Wash Lough of Greenfield was a shopping visitor here Wednesday.

REAL TOGS IF YOU MUST BE A RECRUIT

"SHOULDER ARMS!"

Cotton gabardine rather than khaki builds this army outfit, complete even to the cartridge belt. The caducous on the front of the army hat tells us that this young lady belongs to the medical reserve corps.

ARE READY FOR THE BIG BENEFIT DANCE

All that is needed now to make the Red Cross Benefit Dance on the Campbell farm, Thursday night a huge success is just what the weatherman has promised—a fair night.

Everyone is going and the committee intends to see that every one is glad they are there and they are leaving nothing undone that will add to the pleasure of the evening.

The local interest in this affair is at high pitch and reports from surrounding towns show that a large number are anticipating this affair for in addition to the good time promised all are anxious to help to Red Cross Society who receive the benefits from the dance.

RECRUITS MUST APPEAR THURSDAY

All recruits of Company M, who have not taken the physical examination for federal service (started Wednesday) are notified to appear at the earliest possible moment on Thursday.

This order was issued by the officers of Company M on Wednesday afternoon.

48 BUSHEL IS LARGEST YIELD

Jacob White, residing between Greenfield and New Martinsburg claims the largest wheat yield so far.

According to information from that territory Wednesday afternoon Mr. White had 16 acres that averaged 48 bushels per acre.

GIFTS OF FOOD ARE FULLY APPRECIATED

Company M has had several donors to their menu in the past few days. This morning the Fayette creamery donated five gallons of cottage cheese and Mrs. Estep, on Jeffersonville, sent a bushel of apples and a bushel of green beans which were appreciated very much.

In Social Circles

A congenial group of older women of Grace Church, who enjoyed visiting over their knitting, at the home of Mrs. W. E. Ireland, Tuesday afternoon were: Mesdames Eli Craig, Margaret Stone, Ruth Dahl, Ellen Jenkins, Comfort Baker, Sarah A. Taylor, Margaret Colwell and Eyre.

The church is divided into eighteen divisions, each division to be entertained during the year, the first party honoring the older women who are often shut-in by bad weather condition.

Summer flowers, dainty refreshments and Victrola music contributed a most pleasurable afternoon.

Honoring the seventieth birthday of Mr. John Pursell fifty relatives and friends gathered at his home near Selden for a delightful surprise dinner.

A big basket dinner, containing every delicacy, was served on the lawn and was the feature of the day.

Mrs. Pursell was assisted by the only daughter, Mrs. Albert Vince, in carrying out the plans.

Mrs. Martin from Brown County, a sister, was among the guests.

Mrs. Harry Hyer and son, Harold, Mrs. C. W. Shough and daughter, Margaret and Mrs. S. E. Simmons composed a fishing party at the Rocks on Paint creek Tuesday afternoon.

Mr. and Mrs. Will Burnett entertained at a very enjoyable family dinner Tuesday at their home in Plymouth.

The guests were: Mr. and Mrs. Jesse Burnett of Columbus, Mr. and Mrs. Mack Burnett and son Robert of Southburn, Pa., Mr. and Mrs. John

Carol and daughter and Mrs. Minnie Nash of Hamilton.

Over a half a hundred people, representing the young women of the Y. W. Foreign Missionary Society of Grace Church and their families picnicked at Cheery Hill this afternoon.

Every one was enthusiastic over the good time and splendid supper and felt indebted to the managing committee, Mesdames John Dial, J. H. Chapman, Joe Taggart, Ray Maddox, Frank Hays, Martin Hughey.

Mrs. J. J. Kelley charmingly entertained the Tuesday Kensington club Tuesday afternoon.

Quantities of varietal sweet peas decked the rooms and a refreshing summer collation was served.

Helen Rodecker, the winsome little daughter of Mr. and Mrs. Harry Rodecker, gave a theater party Tuesday night in compliment to Christine Le Fever, of Springfield. The additional guests were Genevieve Price, Jean Worthington Helen Sunkle, Charlotte Hazard, Virginia Evans, Marion Sands, of Louisville, Ky., Marjorie Sparks, Enid McClure.

Mr. and Mrs. Rodecker, Mr. and Mrs. Herman Price chaperoned.

After the girls had enjoyed "Baby Marie Osborn," at the Wonderland, they visited Tobins ice cream parlor.

Tuesday afternoon at the M. P. parsonage, Rev. Arthur P. Cherrington united in marriage, Mr. Elmer Franklin Worrel and Miss Florence Cleo Willis. They were accompanied by Mrs. H. C. Maltz and Mrs. Irvin Willis, step-mother of the bride.

The bride-groom is employed at the Hagerty Shoe Factory. Both young people have many friends in this city, who are extending best wishes.

of the week to visit her uncle, Mr. Samuel Trego, in DeWitt, Ills.

Miss Louise Weaver and Miriam Fite were the guests of Miss Ethel Wilson at the Wilson country home near Bloomington, Wednesday.

Mrs. Hibben Ervin and grandson Ervin Bailey returned to their home in Ann Arbor, Michigan, Wednesday morning.

Miss Virginia Campbell spent the past few days in Bainbridge.

Mrs. Jack Burns is spending the week in Springfield.

Mrs. W. D. Chandler and family returned from a visit in London Tuesday night.

Mrs. Frank O. Snyder is very ill at her home on W. Court street.

Mr. Colin Campbell arrives from Bainbridge tomorrow to be the guest of his uncle, Mr. Will Campbell and cousin, Miss Virginia Campbell.

Mr. and Mrs. W. C. Eyre are visiting Dr. R. T. Morgan and family at Marion.

Miss Mayme Allerdisse and Miss Esta Bowman are guests of the former's sister, Mrs. Harry Borgman, in Cincinnati.

Dr. C. V. Lanum and sister, Miss Del, Dr. and Mrs. Chas. W. Soddars and daughter, Evelyn are motoring guests at Chillicothe and Camp Sherman today.

It is learned with much regret that Mr. C. W. Daily, undertaker of New Holland is very low at his home, with

no hope of recovery. For the past twenty-four hours Mr. Daily has been unconscious.

Mrs. Ray Moots is entertaining Mrs. Byron Wright and daughter Emma, of Logan.

Mr. and Mrs. Will Riddle and daughter, Hildreth Snyder, motored over from London Tuesday evening to be the guests of Mr. and Mrs. Charles McLean until Wednesday.

Mrs. V. P. Smith went to Cincinnati Wednesday afternoon to visit friends.

Miss Minnie Boering, manager of Craig Bros. Millinery department, has gone to her home in Columbus for the summer.

Mrs. F. G. Carpenter left Tuesday for Chautauqua, N. Y., for an outing of several days.

Miss Jane Saxton, guest, Miss Helen Bloor, of Mansfield, O., Miss Ruth Smith and Miss Mary Tysor motored to Jamestown Wednesday to be the guests of Miss Dorothy Adams.

Miss Charlotte Baker leaves Thursday for Cambridge, O., to join a house party of Denison girls entertained by Miss Benliff Maier.

Mr. and Mrs. E. E. Cockerill, daughter, Miss Alemda, and granddaughter, Janet Cockerill leave Thursday for Peru, Neb., where they will spend sometime with Mrs. F. M. Gregg and family. Mrs. Gregg is a daughter of Mr. and Mrs. Cockerill.

Miss Florence Boggs, Ruth Junk and Mary Holdren with Mrs. S. E. Boggs as chaperone go into camp at the Greenfield Chautauqua Thursday.

Messrs. E. K. Patch and Herbert Mickle of Jasper left Wednesday on a motoring trip through the northern part of the state.

Miss Ruth Groves of Milledgeville spent Tuesday the guest of Miss Pauline Gault.

Mrs. Anna Straley of Columbus is visiting her daughter, Mrs. E. L. Fichthorn at Milledgeville.

Mr. and Mrs. Harry Powers, Miss Winnifred Farley of Portsmouth, are the guests of Mr. Powers' brother, Mr. F. H. Powers and family at Milledgeville, for two weeks.

Mrs. J. E. Sands returned to Louisville, Ky., Tuesday, after a week's visit with her mother, Mrs. Martha Gallup, and sister, Mrs. E. N. Holloway. Mr. Sands joined his wife Sunday, Marion Sands remaining for an indefinite stay.

Mr. Dave Morris was a business visitor from Sabina in town today.

Mr. T. H. Craig is spending the week at the Craig cottage at Cedar Hurst.

Miss Fern Fichthorn and Mrs. Elmer Allen were shopping visitors from Milledgeville Wednesday.

Mr. and Mrs. Wilson Bachert and daughter, Miss Ella motored to Dayton Wednesday.

Mr. Russell Taylor returned this morning from Greenfield where he has been visiting his mother.

DEWITT REMAINS IN THE COUNTY JAIL

So far nothing has been done in the charges against Allie DeWitt, and he is still held in the county Jail, although steps were started for his release on bond Wednesday evening. The evidence against the man is regarded as strong, and his case will be disposed of before Probate Judge Allen in the near future.

Boost Washington—Buy a home

THREE CHAMPS IN COMING SPEEDWAY RACE

Louis Chevrolet, Earl Cooper and Billy Taylor, pictured above, are the winners of the three most important Speedway races held so far this season. They will meet again at the Cincinnati Speedway on Labor Day, September 3, in a 200-mile race for a prize of \$10,000. Prospects are that there will be thirty or more starters in this race, including all the big stars now appearing in the various high speed contests throughout the country. Non-professional races and aviation exhibitions also will be features of the day's sport.

LOCAL MAN VISITS VANDERLIP ESTATE GUEST OF FINANCIER

Mr. James W. Ballard, son of Mr. and Mrs. Charles F. Ballard, of this city, sends an interesting account of an outing which he enjoyed as a guest of his employer, Mr. Vanderlip, who is the president of the New York City First National Bank, the largest bank in the United States.

On last Saturday afternoon three hundred young people from the class which is in training at the bank went to Mr. Vanderlip's home at Scarborough on the Hudson. During the afternoon tennis and swimming were enjoyed at the gymnasium of a school which Mr. Vanderlip has built for the children of the neighborhood. At six a buffet lunch was served on the spacious lawn and at seven there was dancing. At eight the entire party attended a vaudeville exhibition given at the private theater on the estate.

During the evening Mr. Vanderlip addressed the audience explaining to them the present conditions in which all are interested.

There are 1500 employees in the bank and three hundred of them are divided into classes. James W. Ballard is in the Italian banking class.

RAILWAY SIGNAL SYSTEM DAMAGED

Approximately five hundred dollars damage was done to the Pennsylvania railroad signal system at the target house in the West End yard at the C. H. & D. crossing when a box car loaded with bricks, on a C. H. & D. freight jumped the track early Thursday morning. The heavily loaded car was dragged five car lengths and finally dropped off the right of way onto the pipes leading from the target house.

The accident happened about 1:30 Thursday morning and was due to a broken flange on the box car. The freight train was in charge of Conductor Charles Dudley. Workmen began on the work of clearing away the debris early Thursday morning and the Pennsylvania right of way was blocked but for a few hours. The wreckage was all cleared up Thursday morning.—Xenia Gazette.

THE LANCASTER CAMP MEETING

The season opens, Sunday, July 29 and continues till August 19.

The program is "Fifty-fifty" as compared with the best in this country. Get one by sending name and address to E. C. Dilger, Camp Ground, Ohio. We have previously announced the Rev. E. L. Waldorf, D. D. of Cleveland, Ohio as the evangelist, Bishop W. F. Anderson, Bishop C. B. Mitchell, Prof. H. F. Roll and others.

Everyday is strong but perhaps, for the assembly, the most interest centers in Music Day, August 16. The talent for that day is the best that money could buy.—The Hadley Concert Company and The Tollefson Trio of New York City.

WHEAT TAKES DROP BUT NOT LOCALLY

The wheat market in Chicago broke 18 cents Wednesday morning, but recovered four cents on July options by the time the market closed, so that the break was 14 cents.

However, the local market Wednesday afternoon, remained unchanged at \$2.10 per bushel.

MAKING EXAMINATIONS PREPARATORY TO THE FORMAL MUSTER IN

The physical examination of Company M began Wednesday afternoon with Lieutenant Cooper of the Officers' Training Camp in charge. The examination is very rigid as all men must be in first class condition before they are mustered in the Federal service.

All who pass the physical examination will be inoculated with Typhoid serum. This examination includes not only the new men awaiting examination but the old members of the company. Later the company will be mustered into the Federal service. This is the preliminary step.

The examination will probably be finished sometime Thursday, as there are 153 men to be examined. Up to the middle of the afternoon none of the men had been rejected.

MASTER LIST IS EXPECTED TONIGHT

The Local Board of Exemptions is looking for the master list of conscripts tonight or tomorrow, and when it arrives, together with further instructions, the first list of conscripts will be notified to appear for examination.

It will be sometime next week, at least, before the first call for examination will be due, and the examinations will be held at the G. A. R. Hall.

The lists of those called will be carried in The Herald and posted in the office of the local board, located in the Pavey Addition.

SUDDEN DEATH STARTLES RELATIVES

Dr. A. A. Hyer has received the sad word of the death of his sister-in-law, Mrs. Marshall Hyer, of Washington, D. C., which occurred suddenly the last of the week at Ocean Grove, N. J.

The body was taken back to Washington, D. C. for burial on Monday. Word reached here two late for relatives to attend the funeral.

Mr. Hyer's death occurred only last April.

'BETTY TO THE RESCUE'

Can You Imagine a More Beautiful Setting For Than The Gold Mines and The Orange Groves of California?

Fannie Ward, as Betty, plays the stellar role, both as a child of wealth and as a forsaken overworked daughter of poverty. She not only appears in this picturesque comedy-drama in many pretty dresses, as well as overalls, but mention might be made of one very unique costume which consists of coat, skirt, hat and muff, made from the skins of more than 2,000 moles caught within her famous English estate near Stratford, England.

Don't miss this beautiful story of love and adventure.

THURSDAY—Ditmar's Wild Animal Picture, also the latest war news.

FRIDAY—A Girl Like That.

SATURDAY—A thrilling circus picture in five parts.

CLAIMS HUSBAND BEAT AND BIT HER

Alleging her husband struck and beat her on numerous occasions in a shameful and brutal manner and that once he bit her severely on the arm, Mrs. Emma Baxla brought suit for divorce yesterday, in the common pleas court against her husband, Fred Bexla.

They were married at Washington C. H., April 13, 1897, and the petition says the plaintiff has had to work to support herself and minor children, for the past five years. She also alleges that the defendant called her lewd names in the presence of others which caused her great mental anguish.—Springfield Sun.

More people every day are finding that Herald want adds superior.

DAYTON AVIATION CAMP WILL TRAIN 2400 FLYING MEN

The Fairfield aviation field, east of Dayton, and the largest in the world, now has 300 machines, or two squadrons on the field, and within a short time this number will be increased to 1200 machines and later on the number will be still further increased to 2400 machines so that this number can be trained at one time and the real capacity of the camp made several thousand trained flyers each year.

Only a portion of the great buildings have been erected, and it will require weeks to finish the buildings on the several thousand acres which form the mammoth field.

A traction line which ran through the field has been ordered moved and is moving accordingly.

A highway through the field also has been torn up and is being constructed around the field.

Hundreds of men and teams, steam shovels, rollers and trucks are busy early and late transforming the immense tract of land into one of the busiest spots in the world.

Three types of machines are being used, and most of these have a speed of 150 miles per hour. One type car or plane in use carries six men, two machine guns, a ton of explosives and is one of the most valuable planes for fighting that has yet been invented.

The camp is being built more or less permanently, with sewer system, water system, heating system, electric lights and everything else that forms an independent camp or city.

The machines are not built on the grounds, but all repairs are made on the grounds. The machines are being shipped in from the various factories, knocked down, and in car load lots.

They run engines, repair box cars, operate electric turn tables and handle freight in the yards just as the men did. They are paid the same salaries as the men formerly were paid.

FAYETTE LODGE.

Developing and Printing

Here's Where Our Skill Helps You

In developing and printing your film we keep before us the fact that you have spent considerable time and money in making the exposures—and that it is strictly up to us to get out of the film all you put into it.

We are rather proud of our ability to do this. Try us on your next exposures.

Our stock of Ansco Cameras, Speedex Film and Cyko Paper is fresh and complete.

Delbert C. Hays

WOMEN ACTIVE

Dayton, O., July 25.—Twenty-five women have replaced men in the customary male vocations at the Cincinnati, Hamilton and Dayton railway yards here.

They run engines, repair box cars, operate electric turn tables and handle freight in the yards just as the men did. They are paid the same salaries as the men formerly were paid.

THE PROOF

is up to us—If your liver troubles are not relieved by

REXALL LIVER SALTS

we will refund your money. They contain the medicinal salts best known and most used for liver affections. Pleasant to take and gently laxative, they help the liver and thereby the entire system to health. 25c, 50c, \$1

SOLD ONLY BY

Blackmer & Tanquary Druggists

Parisians Clamor for Pershing; Review of Our Men at Invalides

Herewith are reproduced two pictures of the enthusiastic reception of Pershing in Paris, made from two photographs contained among the earliest received in America. The upper picture shows General Pershing smiling at the cheering crowd and with him General Pelletier, the French soldier detailed to act as his companion. General Pelletier lost an arm in the war. The lower picture is that of a review of the American soldiers in Paris held at the Invalides, the famous home for wounded soldiers. General Pershing attended the review. The Invalides, or Hotel des Invalides, is known to readers as the last resting place of the great Napoleon. His tomb is one of the most imposing buildings of Paris.

RECRUITS EAGER TO LEARN EVERYTHING DEALING WITH ARMY

The new non-commissioned officers of Company M and the new recruits are taking deep interest in everything pertaining to army life and warfare, and their eagerness to learn is very gratifying to the head officers of the company.

In the school of non-commissioned officers, conducted each afternoon every member of the school displays an eagerness to learn and an aptitude for learning that has been an agreeable surprise, and indicates that when the young men left their homes in response to the call of the greatest country in the world, they did so with the determination to do whatever was assigned and to do it with a will.

The same thing is indicated in the work of the new recruits who are sent out for drill each day. Every man displays an alertness and eagerness to do his very best, and there is every indication that in the very near future Company M is going to be the crack company of the Fourth Ohio Infantry.

The general class of the new recruits has been exceptionally high, and surprisingly few have been re-

SWEET CORN CROP MAY SMASH RECORD

Mr. R. C. Peddicord, who is at the head of the Fayette Canning Company in this city, states that never before has he seen a better prospect for corn than at the present time, and that prospects for a record breaking crop of sweet corn for canning are very bright.

The acreage has been increased this year on account of the general demand for such products, and the biggest pack in the history of the factory is indicated if conditions continue favorable.

The Sears & Nichols Company also will can an increased acreage this season, as well as tomatoes, pumpkins, etc.

Prince Von Radolin, former German ambassador at Paris, died on his estate near Josen. He was a social favorite at the French capital.

OHIO NEWS

Peddler Fatally Burned.
Mt. Vernon, O., July 25.—Charles Mareskas, thirty-four, was so badly burned by the explosion of a gasoline container in a wagon in which he peddled popcorn about town that he died.

Result of Oil Explosion.
Findlay, O., July 25.—Mrs. Ralph Steinman, twenty-six, died at a hospital here three hours after she had been burned as a result of a coal oil explosion. Her husband and two small sons survive.

Found In Hallway.
Cleveland, July 25.—William Percival, living in apartments above the Mario movie picture theater, found six sticks of dynamite on a step in the hallway. Fuses attached showed evidence of having been ignited.

Black Placed.
Columbus, July 25.—Elmer J. Obenworf, Youngstown, was appointed assistant superintendent of banks and Samuel J. Black, Upper Sandusky, assistant commissioner of the blue sky department. The appointments were made by Governor Cox.

Man With a Memory.
Dayton, O., July 25.—Thomas Gleason, known locally as the man with an unusual memory, is dead at the age of seventy-eight. He was said to be the best informed man in Dayton on American history. He could recite the Declaration of Independence verbatim and tell the names and history of each of the signers.

Rescued by Troops.
Toledo, July 25.—Twenty soldiers of the Sixth Infantry held off a mob of 2,000 that threatened William Watkins, negro, after Williams, is alleged, shot at his wife, daughter and Dan Robinson, negro. Watkins was chased four blocks until he reached the armory, where infantrymen formed a cordon about him and held off the crowd until police aid arrived.

BANDIT SEIZED

Nogales, Ariz., July 25.—After a pitched battle in which ten Mexicans were killed, a posse captured General Fernando Espinosa, of the Carranza army, who held up and robbed a Wells Fargo express car on the Southern Pacific, 500 miles south of here Friday, and escaped with \$20,000 in gold.

TAX COLLECTION EXCEEDS \$192,000

At the present time the tax collection is above \$192,000, with only a few days more in which those who have not paid can do so without being classed among the delinquents.

The special street assessments have been coming in in very good shape, the total amount to date being \$3,702.60, and the ditch assessments of the county total \$7,256.75, with special road tax of \$867.03.

WAR COOK BOOK

By Associated Press Dispatch.

Columbus, O., July 25.—The war cook book has arrived. A red-covered 44-page bulletin, consisting of receipts intended to utilize foods that otherwise go to waste and also foods which are not used in proportion to their worth has been issued at the instance of the Ohio Branch, Council of National Defense, by which it is being distributed from the office at the State House.

THEY STAND THE TEST

This kind of weather surely does "wilt" linen collars, but if they are laundered and molded the Larrimer Perfect Way they will "stand up" remarkably well, and a great deal longer than you have any idea. There is a difference.

LARRIMER LAUNDRY

AUTOMATIC 5201; BELL 188 W

PUBLIC SALE OF LIVERY STOCK

I will sell my entire stock of livery at public sale, on Stock sale day, Tuesday, July 31.

LOS CRONE,
Arcade Livery Barn.

THE OLD RELIABLE

Extra fancy peaches, Tennessee tomatoes, stock fine, 15c per lb., 2 lbs for 25c, watermelons on ice 35c each, Circleville cabbage, great big heads 16c each, home-grown potatoes, stock fine, 45c per peck, lemons, sweet oranges, apples 5c per lb., good cookers, big honey cakes 1c each, prunes, peaches, flake white, a substitute for lard, 24c per lb. This is the same as Crisco and much cheaper. We have a cellar full of fine kindling that we will give away if you will haul it

New Corn Remover Causes Big Run On Drug Stores

Since the virtues of Ice-Mint as a corn remover became known in this country, druggists have been having an extraordinary demand for this product and it is predicted that women will wear smaller and prettier shoes than ever.

The fact that this new discovery which is made from a Japanese product will actually remove corns—roots and all—without the slightest pain or soreness, is of course mainly responsible for its large and increasing sale.

You apply a little on a tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it may be lifted out with the fingers—root and all. It is a clean, creamy, snow-white, non-poisonous substance and will never inflame or irritate the most tender skin. Cutting or paring corns too often produces blood poisoning and people are warned to stop it. Just ask in any drug store for a small jar of Ice-Mint and you can quickly end your corn misery and make your feet feel cool and fine. There is nothing better.

TUESDAY GAMES

(By American Press)

Brooklyn, July 25.—Cincinnati made it five straight in their series with Brooklyn, winning yesterday in ten innings, after an uphill battle. Pinch Hitter Clarke's triple scored Wingo with the tying run in the ninth, and 'Kop's double, an error and Rousch's sacrifice fly gave the winning tally in the tenth. Score:

Cincinnati 190 601 621 1-6 11 2
Brooklyn 000 041 606 0-5 7 4

GAINED 15 POUNDS IN 2 MONTHS

Mrs. H. B. S. of Scranton, Pennsylvania, was in a bad condition. She could scarcely eat and couldn't digest what she did eat. Her weight dropped to 97 pounds and she was anemic, very nervous and generally run down.

She found in HEMO a strengthening and satisfying nourishment that gave her the strength she could not get from ordinary food.

In two months she weighed 112 and looked healthy and was healthy, and still is gaining.

HEMO makes a delicious food drink by simply adding water.

Suppose you try HEMO today. You will find it just the right nourishment you are looking for. Try a 50c package with our guarantee of satisfaction.

MORE PRIZES FOR BOYS AND GIRLS WHO WIN CONTESTS

Banks Hang Up Attractive Trip for Winner in One Contest to be Decided at Coming County Fair—160 Members of Clubs Now at Work in Fayette.

The five banks of this city have contributed \$10 each for the purpose of sending two members of the Corn and Clothing Clubs of this city on the corn trip to be taken next December.

In an interview with O. S. Nelson, County School Superintendent, an explanation of the manner in which the Ohio State University's clubs were conducted in this county was obtained.

The Extension Department of the O. S. U., in conjunction with the county fair board and county school superintendents are conducting boys' and girls' club work in the various counties of the state. The clubs are known as The Corn Club, Pig Club, Food Club, Poultry Club and Clothing Club. The Food and Clothing Clubs are limited to girls while either boys or girls may belong to the other three clubs.

There are at this time 160 members in the five clubs of this county and the work is being supervised by Miss Maude Cox of Parrots Station. Specialists are sent out at intervals by the Extension Department and practical lessons and instructions are given to the club members.

The products of each club with the exception of the corn club will be exhibited at the Fayette County Fair and all exhibits must have been produced according to the rules and regulations of the Extension Department.

The Washington-Milling Co. will provide a trip on the Corn Boys' Special for the winner in the Food Club. It is expected that trips for the winners in the Poultry and Pig Clubs will be provided for this week.

BLIGHT MENACING OHIO POTATO CROP

(By American Press)

Columbus, July 25.—According to experts, Ohio's potato crop is threatened by late blight. Same conditions which induced an epidemic of the blight in 1915, when the potato crop of the state practically was destroyed are present this summer in aggravated degree in cool, humid weather.

Ohio State university professors declare that unless there comes an immediate, definite and complete change—hot dry weather—an outbreak of the blight as severe and disastrous as any ever known in Ohio may be expected.

The disease first attacks the under leaves and spreads rapidly to the upper ones and other plants, causing a drooping and water-soaked appearance, and later, on the under surfaces a downy mildew appearance. Then the potatoes themselves are infected, producing in them a dry rot. The disease comes almost without warning and spreads furiously when conditions are favorable.

It can be controlled successfully and at considerable financial gain with Bordeaux mixture, if applied immediately and carefully, it is asserted. The blight probably will appear in a few days and the spraying must be done in advance of its appearance. Both the upper and lower sides of the leaves must be coated. The application should be repeated every ten days or two weeks as long as the trouble threatens. It is too late to spray after the blight comes.

Sacramento, Cal., July 25.—Poison salt placed on the stock ranges of Modoc county, in northern California, has caused the death of a large number of hogs and cattle, in the opinion of Dr. Charles Keane, state veterinarian, who completed his first investigation.

DEFORMED CHILD DEAD OPERATION IS REFUSED

(By American Press)

Chicago, July 25.—Society has been relieved of Baby Meter, a deformed infant, who was permitted to die. Dr. Harry J. Haiselden's verdict of death to infants of hopeless imperfections was allowed to stand. No one intervened.

W. A. the daughter of Mr. and Mrs. William Meter of West Pullman was born, the attending physician directed that Dr. Haiselden be called and said he would abide by the doctor's decision. Dr. Haiselden examined the child and his decision was for death. The child's upper skull cap was missing. A diminutive brain, which seemed to promise imbecility, was covered only by a thin, transparent membrane. There were also other deformities.

"The baby could be saved," said Dr. Haiselden. "This could be done by cutting a patch of skin from the back and grafting it over the exposed brain. But I will not do this. No surgeon is justified in prolonging an absolutely worthless life. If I saved the infant I should preserve it to a life of wretchedness. It would be a burden to itself and others. Perhaps it would become a menace to society. Nature will rectify its own mistake. I will feed it as long as life remains but I will not operate."

LOCAL BOARDS NOW

(By American Press)

Washington, July 25.—The work of the draft is over, at least as far as the national government is concerned. Master lists of the "red ink serial" numbers drawn on Friday have been mailed to all local boards by Provost Marshal General Crowder. From now on the question of the draft will rest with the local boards, until the final order comes for the mobilization of the national army.

Regulations covering errors in listing red ink serial numbers were also forwarded. These regulations provide that when a registration card is found erroneous it shall be assigned a new number by the adjutant general of the state. In the case of one card bearing two numbers, the last number drawn shall prevail. The adjutant general of the state shall assign serial numbers to all registrants who registered after July 10.

GUARDSMEN CALLED

(By American Press)

Washington, July 25.—Nearly 100,000 additional national guardsmen were called into the federal service today by the war department as the second increment of state troops. Nineteen states and the District of Columbia make up the 100,000 troops. Illinois and Massachusetts are the largest states called, the former making a division with 15,485 men. Massachusetts, although having a larger guard than Illinois—15,749—is scheduled to go into camp with Maine, New Hampshire, Connecticut, Rhode Island and Vermont. A redistribution of this division undoubtedly will be made.

The third increment of the national guard, comprising seventeen states, will be called into service Aug. 5, when all state troops will be drafted.

ON BIG CAMPUS

(By American Press)

Columbus, July 25.—State funds approximately \$200,000 are to be applied to building of two barracks for housing aviation students on State university campus, work to be started immediately. At a conference between university trustees and Governor Cox, it was decided that the construction of quarters to house 400 or more students and to be used in future for physical training of freshmen was a matter of utmost military importance and that not a moment should be lost in commencing the task. The war department has decided to train 500 student aviators at a time at Ohio State, instead of 200, as at present.

SIX KILLED AT CROSSING

(By American Press)

Port Clinton, O., July 25.—A New York Central mail train crashed into an automobile which was stalled at a grade crossing here, and six persons, including a newly-married couple on their honeymoon, were killed and one injured.

The dead: Mr. and Mrs. Clarence Joseph of Cicero, Ill.; Mrs. Frank Joseph, fifty-two, Luckey, O.; Mrs. Mary Notacker, fifty-five, of Shelby, O.; Herman Mohls, twenty-four, and Mrs. Fred Sherman, forty-eight, of Pemberville, O.

Miss Esther Joseph, with her mother, Mrs. Frank Joseph; her brother, Frank Joseph, and his bride, and her fiancée, Mr. Mohls, and Mrs. Notacker, a friend of the family, were celebrating the newly-wedded couple's honeymoon at the home of Mrs. Sherman, a sister of Mrs. Frank Joseph. The party motored in Mr. Sherman's big limousine to Camp Perry and planned to spend the day at Catawba Island and were on their way there when the accident occurred.

The road on which the party traveled parallels the railroad tracks and then crosses the tracks at a sharp angle on a curve. Just as they reached the tracks the motor stalled and the occupants were trapped in the limousine as the train approached. The train, traveling at high speed, demolished the auto and killed all except Mohls and Miss Joseph instantly. Mohls died later. Coroner Skiff began an investigation.

FOUR ARE KILLED

(By American Press)

Martinsville, Ind., July 25.—An automobile was struck by an interurban car north of this city. The dead: Rev. George Scherer and sons, Mahlon and Frederick, and Mrs. T. H. Sutton. Mrs. Scherer and daughter Eula were injured.

SALOONISTS GIVEN SCATHING REBUKE

Promising to run their business in accordance with the rules and regulations laid down by federal and civil authorities, the saloon keepers of Chillicothe stepped forth from the meeting with the Liquor License Board, Thursday evening, "sadder and wiser" men.

It was a scathing denunciation that was handed out to the saloon men by the Liquor License Board, concerning their failure to comply with the laws. But the saloonkeepers have promised to be good and have assured the board that they will make no more breaches of the laws.

Refusing to allow saloon keepers to sell bottled goods will cut off the supply from bootleggers, the license commissioners assert. — Chillicothe Gazette.

Coal Exports to Holland Stopped. Amsterdam, July 25.—Germany has stopped the export of coal to Holland.

"The Five Tires"

Today—tires cost less than ever

Your tires actually cost you less per mile today than they did a few years ago, —provided you buy the right kind of tires.

In the first place, don't buy a nondescript tire that some dealer has a selfish price motive in selling to you.

Buy a tire with a name behind it—a tire, the quality of which must be so good that the reputation of a great Company is protected.

United States Tires, with the name of the largest rubber manufacturer in the world behind them, are safe tires to buy.

United States Tires are constructed under an exclusive time-tried vulcanizing process that is patented.

They are honestly built with the best materials that the markets of the world afford.

United States Tires Are Good Tires
